Innathe Chinthavishayam is a 2008 malayalam Mohanlal starrer movie directed by Sathyan Anthikad. Sathyan is known for making movies that smell life of a typical malayali. In this edition he has made an attempt to tell a family story using bloated superstar Mohanlal.

Of course Mohanlal has acted it out well. But some time it gets irritated that he acts like a school headmaster to separated couples on relationship issues. He is seen preaching them in language that is used in printed version. Mohanlal after becoming superstar is not flexible as he was in his beginning stages. He forget to talk the language of the common folk. The read out of the printed language is very boring. Apart that he has done a wonderful job with expressing "chammal" well.

He is a character that crashlands in to the life of three married women who stays away from their husbands. He works closely with them and with the help of his colleague Meera Jasmine and his friend Innocent, a real estate broker, he tries to reunite the three families. He uses the kids and make situations for the estranged pair to reignite love and happiness. He is a kind hearted gentleman who loves all around him truly. He love Meera Jasmine and provide warmth when he learns about personal tragedies in her life.

As usual director Satyan Anthikad touches different social issues with humour sprinkled on it. He shows how small problems can make big dents in a happy family. A good comedy scene of a man who tries to approach a separated lady when his wife was away is shown really funny. And no fight scenes or violence in the whole movie except a small slap to Innocent.

Altogether this movie is a good one for kids and for the family. Not much stuff in it. Just simple things sandwiched in humour. Kerala Box rating for this movie is 5.0 out of 10.0 points.
